CJ-4 /SN 15W-40 Motor Oil

Nature’s Choice® CJ-4/SN 15W-40 motor oil is for use in diesel engines under service conditions from mild to heavy duty with fuel of any sulfur level. This oil is recommended for use in nearly all two- and four-cycle diesel applications. The current formulation meets all API Service Classifications up to CJ-4 including CI-4, CI-4 PLUS, and CH-4. Nature’s Choice® CJ-4/SN 15W-40 is also suitable where Cummins CES 20081, Mack EO-O Premium Plus, Detroit Diesel DDC 93K218, Volvo VDS-4, Renault VI RLD-3, CAT® ECF-3 and ECF-1-a, and ACEA E7 and E9 specifications are demanded.

The Nature’s Choice® product line was developed in response to President Clinton’s Executive Order 13101 which mandated the use of motor oils with re-refined content for government use. Since that time, the Nature’s Choice® product line has grown from motor oils to include many other types of lubrication. Blending virgin and re-refined base stocks with quality additive chemistry, Nature’s Choice® brand products are able to meet the top performance grades required for today’s lubrication requirements, while being more environmentally friendly.

This oil should not be used in Caterpillar® TO-4 applications, two-cycle gasoline engines, aircraft engines, or EMD Diesel engines.
