Synthetic European Car Motor Oils

Venom® Synthetic European Car Motor Oils are specially formulated engine oils suitable for use in gasoline and diesel European engines.

Utilizing synthetic base stocks, advanced additive technology, and shear stable viscosity improvers; Venom® Synthetic European Car Motor Oils are designed for extended drain intervals as suggested by European automobile manufacturers.

Venom® Synthetic European Car Motor Oils provide superior all-season, all-climate protection. It is also approved for use with turbo-charged engines.

Venom® Synthetic European Car Motor Oils are suitable for use where the following specifications are required.

- ACEA C3-07
- ACEA C3-04
- ACEA A3/B3
- ACEA A3/B4
- API SM/CF
- MB229.51
- MB 229.31
- VW 502.00
- VW 505.00
- VW 505.01
- BMW LL-04
- Porsche Approved (5W-40 version only)

Typical Properties:

Product: Venom® Synthetic European Car Motor Oils				
Product Code	90481	90451	90512	90513
Viscosity Grade	5W-30	5W-40	5W-20	0W-20
Kinematic Viscosity @ 100°C, cSt (ASTM D-445)	12.2	13.0	9.0*	7.5*
Kinematic Viscosity @ 40°C, cSt (ASTM D-445)	70.8	77.0	51.5*	38.47*
Viscosity Index (ASTM D-2270)	173	171	156*	164*
TBN, mg KOH/g	7.1	7.3	7.3*	7.3*
Pour Point, °C	-43	-42		
API Gravity (ASTM D-1298)	34.3	34.5		

*Estimated Properties
